Understanding Clinic Package Insurance

CPA's Clinic Package is designed for business owners and independent contractors with valuable contents or property to insure. The package includes Commercial General Liability (CGL), Property/Contents, Business Interruption, and Crime Protection to ensure comprehensive coverage for your business.

The Clinic Package policy provides coverage if your business is sued for bodily injuries to a third party that occur as a result of your operations and/or premises. It also provides coverage to protect against damage to property, including professional equipment, and loss of revenues caused by an interruption of business activities arising from an insured loss (such as fire). You are also protected against financial loss due to dishonesty, fraud, or theft of money, securities or other property owned by the business/office.

Physiotherapist business owners who own the building in which their clinic is located can also add Building Coverage to their policy. This insures the bricks and mortar of your property, protecting you against loss or damage from a broad range of causes, including natural disasters and other threats to business operations, such as vandalism.
