

CLINIC PROFESSIONAL LIABILITY INSURANCE

What is Clinic PLI?

- In the event of a claim, both the professional and the clinic are likely to be named in a statement of claim or lawsuit. Clinic Professional Liability Insurance coverage provides a separate limit of liability to protect the clinic and its assets in such circumstances
- Each employee rendering a professional service must provide confirmation that they carry their own individual Professional Liability insurance
- Coverage is provided on a “claims made” basis and will respond to claims first known and reported during the policy period

Extended Reporting Period

The extended reporting period is available to clinics that are suspending, discontinuing or transferring their practice:

- Unlimited period – for \$250
